2020-2023

EXPERIENCES

Agrawal & Diwakar Associates — Audit Intern

Feb 2022 - May 2022

Surat, India

- Worked as an auditor trainee, gaining valuable experience.
- Conducting audits for clients in Gujarat and Bihar, including physical verification of inventories and warehouse inspections.

Jay Air Systems Private Limited — Handing Over Executive

May 2022 - Present

Surat, India

- Maintaining and updating the company's CRM system by immediately commissioning machines and ensuring that accurate records are kept.
- Generating daily sales and service reports to provide real-time insights to the respective departments.
- Developing monthly dashboard reports, segmented by salesperson, to track performance metrics and identify growth opportunities
- Created VBA (Excel) module with help of ChatGPT that curates , styles and sends the daily report of all three divisions.

PROJECTS

Expense Tracker | *react,redux,tailwind*

[link](#)

- An Expense Tracker application built with React and Redux to manage personal expenses efficiently. This application allows users to add expenses with a specific date, view the list of expenses, and see the total expenditure.

Service Booking App | *react,redux,react router,tailwind*

[link](#)

- Dynamic Availability: Displays available hours based on the selected date, with previously booked times faded out or marked as unavailable.

The Office (US) Quiz | *HTML,Bootstrap,Javascript*

[link](#)

- This project is a quiz application dedicated to "The Office" US series. The quiz features a countdown timer, question changer, and answer checking.
